Construx®

Software Development Best Practices

Strategies for Ground Up Process Improvement

Earl Beede

How to Improve?

- ❖ You see the need to improve
- ❖ Management support?

Construx
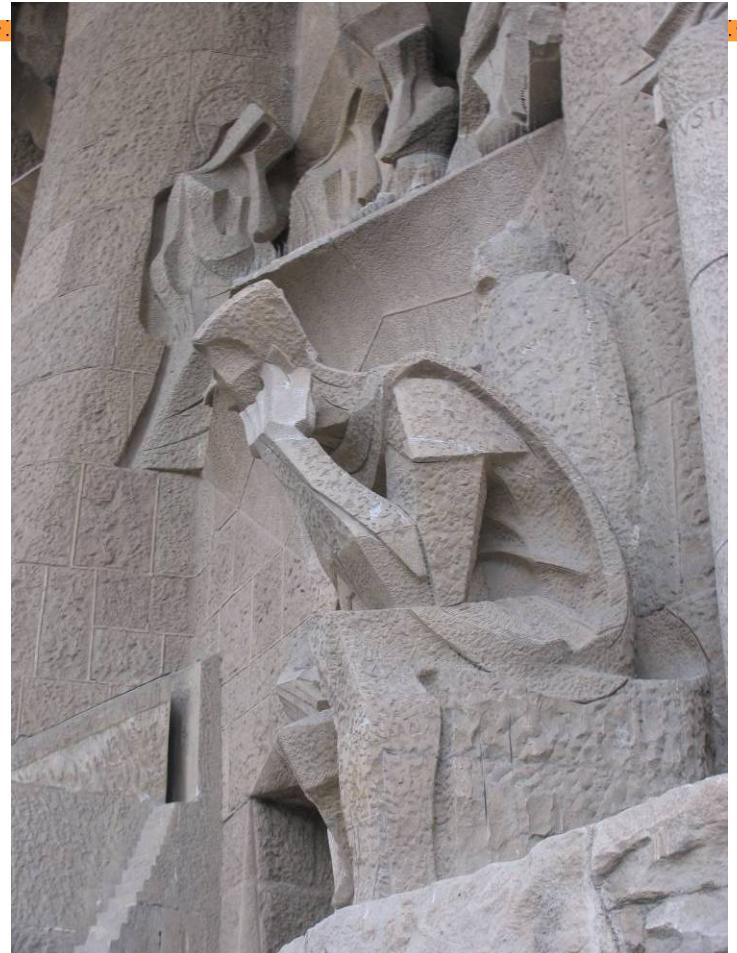

Review Goals

- ❖ Process shifting is lose/lose
- ❖ Know the business targets

Construx
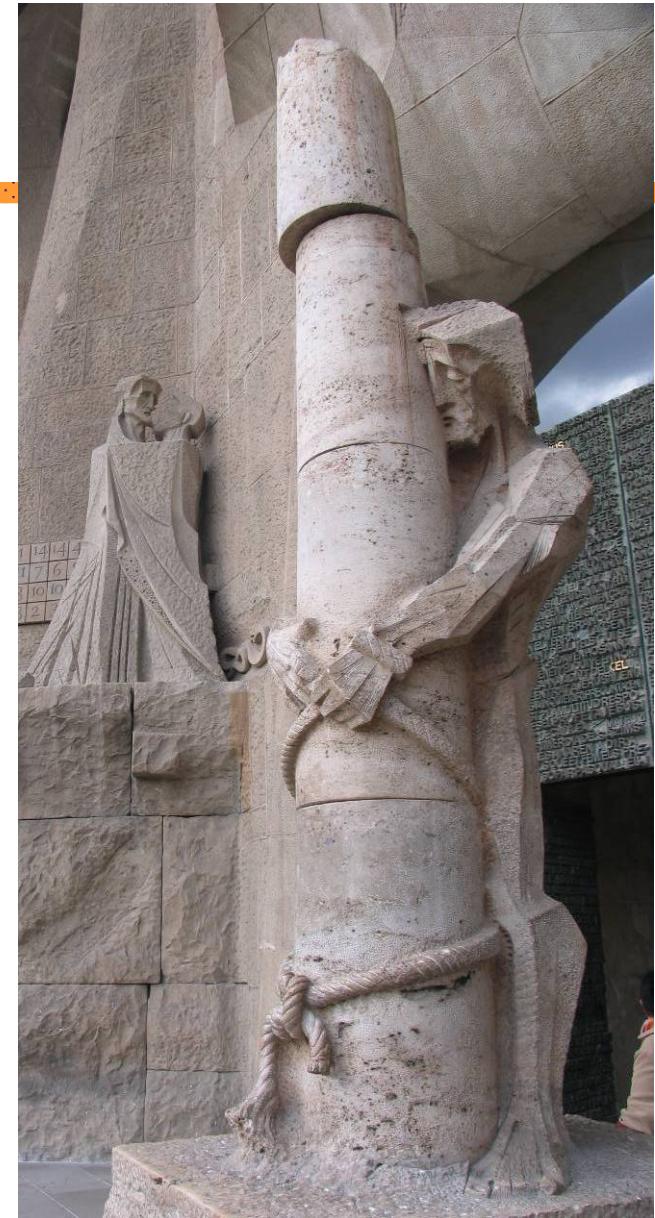

Logic Loses

- ❖ Issue #1 Culture
- ❖ Rewards
- ❖ Past promises
- ❖ Appeal to emotions

Construx

Story Telling Data

- ❖ Your data, your story
- ❖ Pain points
- ❖ Accurate, not precise

Construx

I Don't Know, Do You?

- ❖ Management have a better story?
- ❖ Killer questions
- ❖ Expressing uncertainty
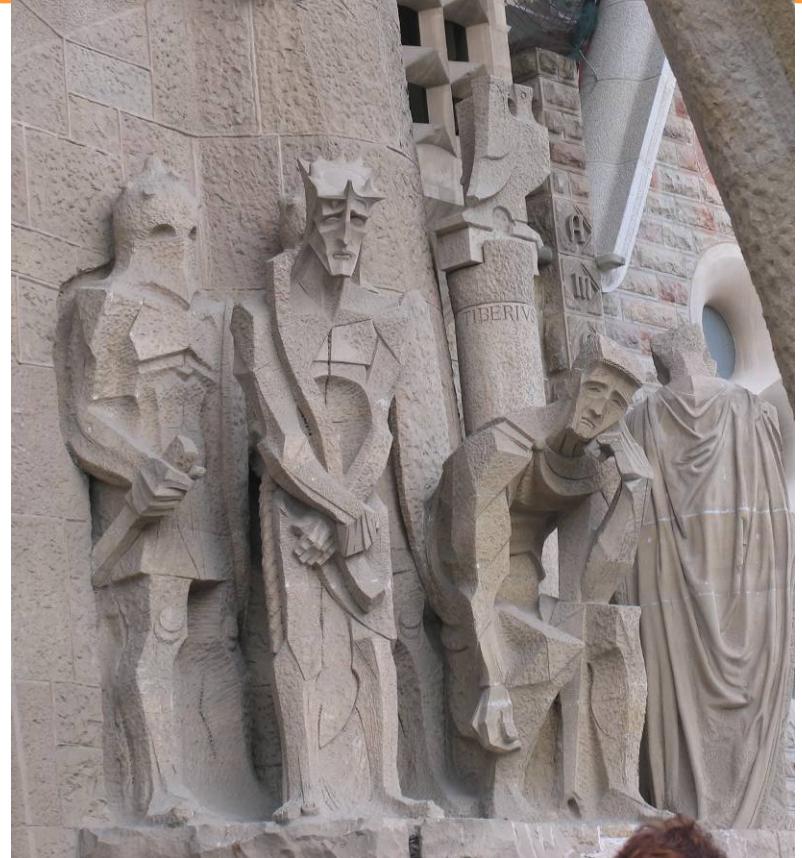

Closing the Border

- ❖ Accept quality
- ❖ Move upstream
- ❖ Find allies

Construx

The Living Dead

❖ Lessons learned / retrospectives

❖ Not in vain
